CARB - 09-05-06-01

In accordance with the provisions of Third Party Certification and after assessing the on-going quarterly supervision as required within the **Final Regulations Order (FRO)** of the Airborne Toxic Control Measure (ATCM) by the **California Air Resources Board (CARB)**, it is hereby affirmed that the production of the certified product

**Plywood - panel type phenolic glued plywood
in the thickness range of 4 mm – 50 mm**

manufactured by

Latvijas Finieris, plant Lignums

at its manufacturing site

**Latvijas Finieris, plant Lignums
Plata iela 38
Lv-1016 Riga, LATVIA**

is in accordance with the requirements of FRO, described in Section 93.120.12 Appendix 2, due to ensure the compliance with the emission standards of **Phase 2**.

The approved Third Party Certifier (TPC) Entwicklungs- und Prüflabor Holztechnologie GmbH (EPH - TPC No W - 08-10) is contracted by the manufacturer to perform the quarterly assessment of the factory production control (FPC) and to have the stipulated formaldehyde tests carried out by the accredited EPH test laboratory.

This evaluation is based on the supervision report:

2. Supervision Report No. 258215, dated May 06th, 2009

This Certificate was issued on May 06th, 2009 and is valid for the agreed supervision period, unless the requirements and conditions under which this Certificate has been issued have changed considerably.

May 06th, 2009

Date

Dr. Bernd Devantier
Head of the Third Party Certifier
